In today's competitive digital marketplace, businesses are constantly seeking innovative platforms that can enhance visibility, reduce costs, and drive consistent revenue growth.

YEEX offers a powerful partnership opportunity through its all-in-one ecosystem—a single platform integrating ride-hailing, food delivery, errands, shopping, and lifestyle services—all while maintaining one of the lowest commission rates in the industry.

Partnering with YEEX means joining a growing digital network that prioritizes business-friendly policies, technological innovation, and customer convenience. This proposal outlines the strategic, financial, and operational benefits of such a partnership.

Yeex Help Businesses Succeed by Providing Innovative and Effective Solutions.

One of YEEX's strongest value propositions is its transparent and cost-effective commission structure.

Key Insights:

- Industry Standard Comparison:
 - Most delivery and service platforms charge between 25% to 35% commissions.
 - YEEX's introductory 15% commission allows businesses to retain more profit per transaction, supporting healthier margins and long-term sustainability.

Impact for Your Business:

- Increased revenue retention on every order.
- Better pricing flexibility — ability to offer discounts or loyalty perks without profit erosion.
- Greater motivation for volume growth since margins remain favorable.

In essence, YEEX aligns its success with yours — the more your business earns, the more YEEX grows.

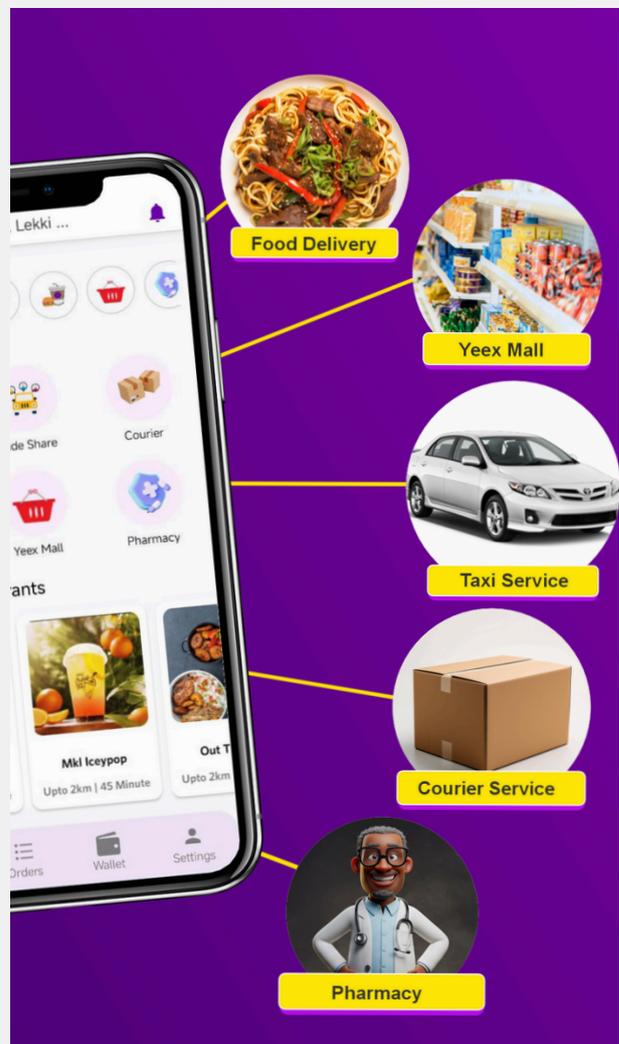

We Want to Make a Positive Impact on your Business

By operating within YEEX's ecosystem, your business is positioned at the centre of everyday convenience, giving you access to a loyal and engaged customer base.

Benefits for Your Business:

- Unified Customer Access: Reach users who come to YEEX not just for one purpose, but for multiple daily needs.
- Cross-service exposure: A customer booking a ride or delivery can easily discover your store or service.
- Integrated marketing: YEEX runs promotions that benefit all partner categories, increasing visibility across channels.
- Streamlined technology: One dashboard, one app, one payment system — simplifying management for your team.

Support That Makes Your Solution Shine

YEEX provides full partner support, including:

- Dedicated account management for smooth onboarding.
- Free initial setup and training on using the partner dashboard.
- Promotional launch campaign to announce your brand to YEEX users.
- Ongoing customer service to ensure quick issue resolution.

From day one, you're supported by a responsive team committed to your success.

Assuming an average commission reduction from 25% (industry standard) to 15%, a business processing N1,000,000 weekly via YEEX would save N100,000 per week, translating into N5,200,000 in annual savings — funds that can be reinvested into growth, promotions, or expansion.

YEEX's model is designed for mutual profitability, not platform dependency.

Marketing & Visibility

Unlike other single-purpose platforms, YEEX combines multiple essential lifestyle services under one ecosystem.

YEEX provides strategic marketing tools to boost your business exposure:

Targeted campaigns

In-app placements

Loyalty integration

User Experience

YEEX's platform is designed for efficiency, real-time interaction, and smooth operations:

- **Real-time tracking** for deliveries, rides, and errands.
- **Instant order updates** for both customers and businesses.
- **Secure payment processing** with fast settlements.
- **Analytics dashboard** giving insights into sales, customer behavior, and performance metrics.

By using YEEX, your business gains **data-driven visibility** into customer engagement — a key advantage in modern commerce.

What your Customers say!

Customers prefer platforms that minimize complexity. YEEX's "**Select. Order. Enjoy.**" philosophy embodies simplicity:

- Everything a customer needs is just a tap away — ride, meal, product, or errand.
- This convenience creates a **high-return ecosystem**, where existing users repeatedly engage, benefitting all partner businesses.

Your business benefits from this **network effect**, turning casual users into repeat buyers through convenience and trust.

Coming on Board

YEEX provides full partner support, including:

- **Dedicated account management** for smooth onboarding.
- **Free initial setup and training** on using the partner dashboard.
- **Promotional launch campaign** to announce your brand to YEEX users.
- **Ongoing customer service** to ensure quick issue resolution.

From day one, you're supported by a responsive team committed to your success. We invite you to **take advantage of this opportunity** to partner with YEEX and experience the benefits of:

- Lower costs
- Higher visibility
